MOTIONS

14. **Need to Investigate the Alarming Increase in Human Trafficking in Nigeria:**
Hon. Dominic Okafor:

The House:

Notes that human trafficking is a grave violation of human rights and dignity, involving the recruitment, transportation, transfer, harbouring or receipt of persons through force, coercion, deception, abuse of vulnerability or other prohibited means for the purpose of exploitation;

Also notes that human trafficking is a grave national and transnational crisis, with women, children, and vulnerable demographics disproportionately subjected to commercial sexual exploitation, forced labour, domestic servitude, forced begging, organ harvesting and other degrading abuse;

Concerned that poverty, unemployment, insecurity, displacement, irregular migration and the activities of organised criminal networks have increased the vulnerability of many Nigerians to traffickers who exploit their economic and social circumstances;

Also concerned that victims are often deceived with false promises of employment, education, marriage and overseas opportunities, only to be subjected to exploitation, physical abuse, psychological trauma and, in some cases, death;

Worried that human trafficking networks operate across state and national borders, taking advantage of porous borders, inadequate public awareness, weak coordination among relevant agencies and difficulties in identifying and prosecuting offenders;

Recognises the efforts of the National Agency for the Prohibition of Trafficking in Persons (NAPTIP), the Nigeria Police Force, the Nigeria Immigration Service and other relevant institutions in combating trafficking in persons, while acknowledging the need to strengthen their operational capacity, funding, intelligence-sharing and victim-support mechanisms;

Recalls the provisions of the Trafficking in Persons (Prohibition) Enforcement and Administration Act, 2015, and other relevant laws aimed at preventing trafficking, prosecuting offenders and protecting victims;

Resolves to:

(i) urge the Federal Government to:

(a) intensify nationwide efforts to prevent and combat human trafficking through enforcement of existing laws, intelligence-led investigations and effective prosecution of traffickers and their collaborators;

(b) strengthen victim identification, rescue, rehabilitation, psychosocial support, legal assistance and reintegration programmes, with particular attention to women, children and other vulnerable persons;

(c) address the underlying causes of vulnerability to trafficking, including poverty, unemployment, lack of access to education and the exploitation of displaced persons;

(ii) also urge the NAPTIP and other relevant security and law-enforcement agencies to strengthen surveillance, intelligence-sharing and coordinated operations against trafficking networks, including those operating across state and international borders;

(iii) further urge the Federal Ministry of Education, relevant state ministries, local government authorities, civil society organisations and community leaders to intensify public enlightenment campaigns on the methods used by traffickers and the dangers of deceptive recruitment and irregular migration;

(iv) mandate Committees on Human Rights, Interior and Police Affairs to investigate the current scale and patterns of human trafficking in Nigeria, including the activities of trafficking syndicates, the adequacy of existing enforcement measures and the challenges confronting relevant agencies and report within four (4) weeks for further legislative action.

15. Need for the Reconstruction, Rehabilitation, and Replacement of Vandalized Public Infrastructure in Orlu, Orsu, and Oru East Federal Constituency, Imo State: Hon. Canice Moore Chukwugozie Nwachukwu:

The House:

Notes the widespread vandalism and destruction of critical public infrastructure in Orlu, Orsu, and Oru East Federal Constituency of Imo State, including electricity installations, public schools, primary health centres, potable water schemes, roads, bridges, and telecommunications facilities;

Aware that the prolonged dysfunction and absence of these essential amenities have paralyzed socio-economic activities, worsened local insecurity, impeded access to basic public services, and aggravated hardship for residents across the affected communities;

Recognises that functional public infrastructure is vital to national security, economic productivity, educational advancement, effective healthcare delivery, and the overall wellbeing of the citizenry;

Disturbed that prolonged delay in rehabilitating and replacing these damaged assets exposes host communities to heightened security risks, discourages the safe return of internally displaced persons (IDPs), and undermines long-term peace-building and development initiatives;

Observes that the extensive destruction of public infrastructure in the constituency is directly attributable to persistent insecurity and civil unrest, which resulted in the tragic loss of lives, death of household breadwinners, and the mass displacement of residents particularly youths and able-bodied adults who fled their ancestral homes to escape violent attacks;

Cognisant that this mass displacement left behind primarily vulnerable demographics, including the elderly, women, and children, who lacked the capacity to secure public utilities, thereby creating an enforcement vacuum exploited by criminal elements who systematically dismantled and sold public and private assets as scrap metal;

Concerned that Orlu, Orsu, and Oru East Federal Constituency remains one of the areas most adversely impacted by unrest in the South-East geopolitical zone, with extensive damage recorded across infrastructure networks, creating significant barriers to the voluntary and dignified return of displaced residents;

Resolves to:

(i) urge the Federal Government to partner with the Imo State Government in establishing a joint post-conflict resettlement, reconstruction, and security framework for the safe return and reintegration of displaced populations;

(ii) also urge the Federal Ministries of Works, Education, Health and Social Welfare, Water Resources and Sanitation, Communications, Innovation and Digital Economy and Humanitarian Affairs and Poverty Reduction, in collaboration with relevant interventionist agencies—including the South East Development Commission (SEDC), Federal Road Maintenance Agency (FERMA), Rural Electrification Agency (REA), Tertiary Education

Trust Fund (TETFund), National Primary Health Care Development Agency (NPHCDA), and National Emergency Management Agency (NEMA)—to urgently conduct a comprehensive needs assessment and commence the immediate reconstruction, rehabilitation, and replacement of all vandalized public infrastructure across Orlu, Orsu, and Oru East Federal Constituency, including the deployment of high-intensity solar streetlighting to enhance public safety;

(iii) further urge the Federal Ministry of Humanitarian Affairs and Poverty Reduction and National Directorate of Employment (NDE) to formulate and execute targeted socio-economic empowerment schemes, micro-enterprise financing, vocational training, and conditional cash support for affected constituents and returning displaced persons;

(iv) again urge the Federal Ministry of Budget and Economic Planning to ensure the adequate capture and prioritization of these critical reconstruction and rehabilitation works in the forthcoming Appropriation Bill and national intervention budgets;

(v) urge the Inspector-General of Police and heads of relevant security agencies to increase personnel deployments, enhance tactical surveillance, and establish dedicated infrastructure-protection units across vulnerable communities in the constituency in collaboration with local community authorities;

(vi) mandate the Committees on South East Development Commission (SEDC), Works, Inter-Governmental Affairs, and Legislative Compliance to monitor implementation, ensure inter-agency synergy, and report within four (4) weeks for further legislative action.

CONSIDERATION OF REPORTS

16. A Bill for an Act to Amend the National Oil Spill Detection and Response Agency Act, No.15, 2006, to provide Statutory Powers for the Agency to charge adequate fines, introduce criminal offences and penalties to ensure compliance with existing Environmental Legislation in the Petroleum Sector and for Related Matters (SB. 74) *(Hon. 20. Committee on Infectious Diseases:
Hon. Ogah Amobi Godwin:
"That the House do consider the Report of the Committee on Infectious Diseases on the Investigation of the over 1.8 and 2.8 billion Dollars Grant Received by Nigeria from Global and USAID respectively from 2021–2025 for response against HIV/AIDS, Tuberculosis, Malaria and for Supporting Resilient and Sustainable Systems for Health and approve the recommendations therein" *(HR. 74/10/2025) (Laid 8/7/2026).*

recommends:

(a) the immediate legislative review and approval that will compel the Principal Recipients and Sub-Recipients to submit annual implementation plans to the National Assembly for review and approval prior to fund disbursement from Global Fund to fight AIDS, Tuberculosis and Malaria;

(b) mandatory submission of quarterly programmatic and financial reports to strengthen monitoring and accountability;

(c) collaboration of agencies like Economic and Financial Crimes Commission (EFCC) and Independent Corrupt Practices and Other Related Offences Commission (ICPC) to ensure full accountability from all implementing partners;

(d) future grants should be structured to enable Nigerian institutions to manage funds and align with national health strategies;

(e) strengthening of domestic financing commitments to reduce dependency and improve sustainability;

(f) the need for National Assembly to appropriate the Counterpart funding and pledges committed by the country;

(g) increase in budgetary allocation to the health sector, with a dedicated budget line for HIV, TB and Malaria;

(h) the funding of Country Coordinating Mechanism (CCM) Nigeria operations through budgetary allocation to the Ministry of Health to ensure the performance of grants oversight and address challenges in implementation;

(i) provision of a permanent office accommodation for CCM Nigeria and all National Programmes with good working conditions;

(j) empowerment of the Ministry of Health and Social Welfare in pursuing the full fulfilment of all pledges towards replenishment of the Global Fund Grant cycles.
